OpenNSFW SFX Pack

This sound pack was founded with the goal of giving accessible studio quality NSFW SFX to **all content creators at no cost.** We only **require** adherence to this terms document as well and to attribute/credit the sound pack [see below.] We rely on all creators to promote our contributors. In return you are free to use audio on any legally permitted medium, including but not limited to: videos, games, erotic stories, modding, Virt-A-Mate and many more! All audio released is directly sourced from respective sound engineers to insure that audio can be used in any works whether commercial or otherwise.

Project has reached completion and will no longer be updated. If you wish to support the people involved with starting the project – please follow [@WetHotSFX](#).

Wet Hot SFX is a Studio quality Commercial SFX Pack by Squish Succubus and OpeN. Pack is still in development at the time of writing this but may be available by time of reading of this so follow & check it out.

If you wish to support the project – simply follow the rules and credit [See Attribution Section.] If you want to go an extra mile we have a [KO-FI](#) for donations to help cover file hosting.

Terms – General

Upon agreeing to adhere to this document in its entirety - the user is then granted a non-exclusive, worldwide, perpetual license to incorporate the audio content in any form of media production without any requirement for compensation.

- If you tag a sound designer please ALWAYS tag as **SFX PACK**. See attribution for more details.
- Please do not contact any of our contributors/performers directly for any reason related to sound package. Please always contact [@OpenNSFWSP](#)
- No third parties are allowed to repackage the sound pack under a different brand, identity and/or make part of a mega-package. Any attempts of doing so will be met with take downs and/or legal consequences.
- You agree not to engage in hostile actions towards OpenNSFW, its contributors or voice actors, including but not limited to acts of harassment and/or attacks on our policies. Terms – Twitter Attribution

We wish to see all projects using the pack that are posted on twitter and help promote your content. You can use your own judgment but please credit pack/SFX appropriately. We realize that writing multiple SFX creators in a twitter post is not ideal. For **smaller projects/loops** it is permissible to just credit..

SFX Pack: @OpenNSFWSP.

For anything large / with credits / or using music please include our contributors.

Examples:

SFX Pack: @pixelcarnagee | @OpenNSFWSP

SFX Pack: @SquishSuccubus @pixelcarnagee | @OpenNSFWSP

- If there is a possibility that your media post **may be deemed offensive or outside twitter's [Terms of Service](#) - do not include any creators/performers/contributors information on post.**
- Attribution is preferred on same page as content but is always permissible to write in comments.
- Do not contact anyone asking for retweets.

Terms – Attribution Etiquette - Credits [Commercial/Non-Twitter releases]

Please write credits like you would normally but credit any individuals using twitter names. We find this is the easiest way for people to be reached/credited. Please always include that this is a SFX pack.
